## In Case You Missed It

Effective Date	Impacted Area	Description
Jan 19, 2024	Energy Star Loans	Effective January 19, 2024 Loan Delivery will automatically populate Special Feature Code (SFC) 784 ENERGY STAR Green Building Certification for Green Bonds on Whole Loans that Fannie Mae identifies as securing a property with an eligible ENERGY STAR green building certification. If SFC 784 is auto-populated on the loan, warning edit 2736 will fire notifying sellers of the change. No action is required by sellers.  For MBS loans: If a seller delivers SFC 784 on an MBS loan, fatal edit 2407 will fire indicating the SFC is invalid, and the SFC will be automatically removed from the loan. Click “Save and run edits” to resolve fatal edit 2407.  Contact your Fannie Mae representative for assistance or additional information.
Jan 29, 2024	Export file Enhancement	We are enhancing our report and export functionality in Loan Delivery to provide faster, more efficient generation times for files greater than 100 MB. For any report or export file greater than 100 MB, the file will be generated as a ZIP file format. This is the current functionality for the Schedule of Mortgages and we are expanding this functionality to the MISMO Data XML, Edits CSV, Loan Level Data CSV, Edit History CSV, and Fannie Mae Loan No. CSV exports plus the Delivery Schedule report.

To receive the credit, lenders must receive the appropriate Desktop Underwriter® (DU®) Messages in DU® to deliver the HomeReady Special Feature Codes (SFCs) 900 and 884. For Fannie Majors® pools, the scores displayed apply to the Major piece and not the entire Major pool.</p> <p>The Loan Level Data CSV Export file will be updated to add the Loan Mission Score, Mission Density Score, and Mission Criteria Share values to the end of the report.</p> <p>Note: The update to the Mission Index Methodology will be effective on March 1, 2024.</p> <p>Before March 1: The Mission Index scores displayed in Loan Delivery before March 1 are indicative. Any loans closed/purchase ready before March 1 will use the prior version of the methodology.</p> <p>On/after March 1: All loans that run package edits on/after March 1 will receive the Mission Index values based on the new methodology. To receive scores based on the new methodology for the loans in Loan Delivery submitted prior to March 1 but not yet closed/purchase ready, you must click “Run and Save Edits”.</p> <p>For details on the Mission Index Display in Loan Delivery, see <a href="#">Loan Delivery Mission Index Job Aid</a>.
