

Technology Manager Release Notes

October 21, 2019

Technology Manager is a web-based tool that allows Fannie Mae customers to provision and manage access to Fannie Mae applications. Registered users can view and modify their user profile and security information, and company designated administrators can assign various applications to their users.

What's new in this release?

1. Improved user experience
 - a. Actionable tasks in a single view
 - b. "Create New User" workflow
2. Modern and responsive user interface
3. Accessible across all modern browsers and on mobile
4. Ability to provide feedback across all pages
