

The Tech Digest

Simplified technology news from Fannie Mae.

Get the technology news you need, when you need it. The **Tech Digest** consolidates our weekly technology product news into one easy-to-read, actionable email.

Only get the news you need.

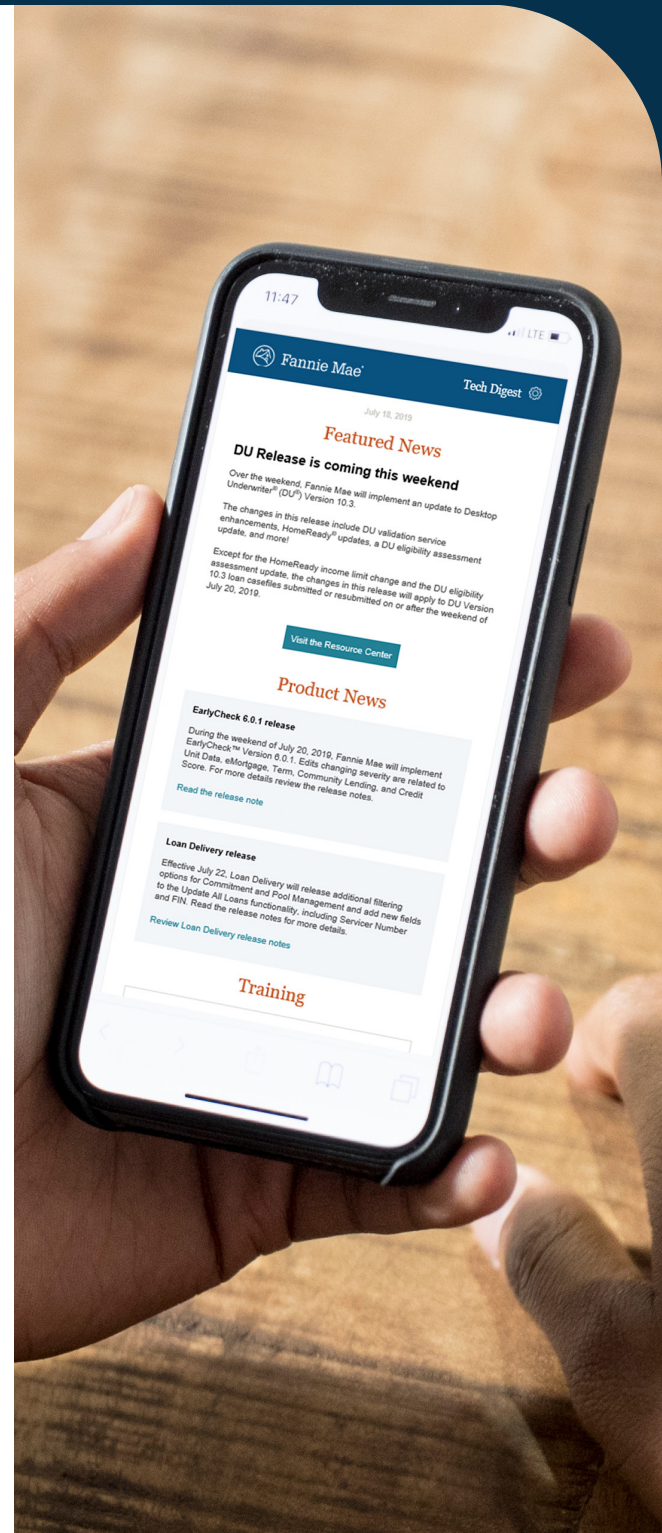

We send the Tech Digest on Thursdays, but you may not receive the email every week. To help de-clutter your inbox, you will only receive the Tech Digest when a product you use is featured in that week's email.

If you or someone on your team would like to subscribe to all Tech Digest emails, regardless of what product(s) you use, tell your Fannie Mae account representative.

The Tech Digest includes:

- **Featured News** – Crucial information for users. Placed at the top, these items have a significant impact, span multiple applications, and/or require immediate action.
- **Product News** – Information specific to individual technology products.
- **Training** – Tools and educational resources to help you use Fannie Mae's technology.
- **Upcoming Outages** – Notices of planned product outages and scheduled maintenance.
