

Desktop Underwriter[®] (DU) Validation Service

Useful Training Resources

The DU validation service validates your borrower's income, assets, and employment in just a few clicks through third-party data reports – increasing speed and efficiency while reducing the need for paper documentation. Our online resources can help get you up to speed quickly! Visit The DU Validation Service Resource Center for more helpful resources.

The DU Validation Service Resource Center includes self-paced online courses, videos, job aids and FAQs to support implementation and use of the DU validation service. Click on the titles below to get started!

[Asset Validation for a Better Borrower Experience](#)

Learn how to explain the asset validation process and benefits to your borrower.

[Validating Borrower Employment and Income with the DU[®] Validation Service](#)

Check out these tips that can help you validate income and employment in DU and streamline your process.
