UPDATE: Ohio Properties Requiring Surveys

We have retained a surveyor in Ohio to complete surveys on properties where the county requires a new survey. Please take the following steps on the affected assets:

- ✦ Immediately open legal description issue
- ✦ Send a request via Equator messaging to the assigned title specialist to order a survey
 - ✦ Assigned title specialist will order the survey through our internal team managing the process
 - ✦ Payment for the survey will be handled internally, there will be no need to pay on the HUD or request reimbursement
- ✦ Assigned title specialist will provide you with an ETA and any updates
- ✦ Unless the survey requires Fannie Mae's signature, the surveyor will send the original survey to you once complete
- ✦ Submit survey to the county for approval upon receipt

...now THAT was worth noting!
