*January 28, 2020*

Dear Integrated Partner,

On March 2, 2020, the UCD Collection Solution user interface design will be updated to reflect a more dynamic look-and-feel to improve user experience.

**NOTE:** The B2B Integration will not be impacted.

The new user interface enhancements are available in the [UCD Test Environment](#). We encourage users to test performance in the Test environment prior to the production release. For Internet Browser compatibility please refer to the [Technology Requirements](#).
