

Uniform Closing Dataset Quick Guide

Transfer Capability from Correspondent to Aggregator

Updated March 2020

The Purpose of this Document:

This document serves to provide an overview of transfer capability within the Uniform Closing Dataset (UCD) collection solution. For more information, please refer to the [UCD Collection Solution User Guide](#).

Overview

The UCD collection solution will allow correspondent lenders to transfer UCD data to an aggregator. The aggregators will then be able to use the UCD collection solution to retrieve the transferred UCD data including the UCD Findings Report, the PDF of the Closing Disclosure, and the UCD XML file.

NOTE: *This is optional functionality and not required to meet the June 25, 2018 UCD mandate.*

Prerequisite

You need to have an established relationship with another Lender.

Transfer of UCD Data

Once a relationship is established between two organizations in the UCD solution, either party can transfer a submitted UCD file to the other party. The correspondent can designate a Casefile ID and specific aggregator to transfer UCD data.

Transfer multiple UCD files

- From the Upload tab, **upload** your UCD XML zip file
- From the Upload Summary, select the files you would like to transfer and click **Transfer**

Transfer Activity Tab

Search for Transferred UCD File

The Transfer Activity tab allows you to search for the UCD files you have transferred to other organizations, or those that have been transferred to your organization.

The “Search Transfer” using ‘UCD Files Received’ or ‘UCD Files Transferred’ function in the UCD collection solution will return both newly transferred UCD submissions as well as previously transferred UCD submissions that have been subsequently updated by the transferor within the selected date range.

1. From the Transfer Activity tab, enter the search criteria to locate the UCD file
2. You can search on the following:
 - a. Casefile ID
 - b. UCD Files Received (search for UCD files transferred TO your organization)
 - c. UCD Files Transferred (search for UCD files FROM your organization)

New Casefile ID issued. For DU loans, resubmit the UCD with the DU Casefile ID.

A Casefile ID must exist in order to transfer a UCD file. In certain scenarios, a “Not Successful” submission can be transferred. If a UCD file is not successful and a Casefile ID exists, the file can be transferred. If no Casefile ID exists, then the file cannot be transferred.

NOTE: *If you do transfer a “Not Successful” UCD file, the Fatal edits must be cleared before the loan can be delivered via Loan Delivery.*

Example: UCD Transfer Not Successful and Casefile ID is issued

When a loan is uploaded and the status of “Not Successful” is returned, along with a Casefile ID the file can be transferred. You will have access to the UCD XML file as well as the Closing Disclosure PDF file (if applicable). The Fatal edit message(s) will be displayed. You will need to correct the Fatal edit(s) prior to delivering the file via Loan Delivery.

Resubmitting the UCD file

If there have been changes to the Closing Disclosure and/or the UCD file, either organization can upload the updated file(s). The UCD file must be resubmitted with the Casefile ID. If the UCD Casefile ID is not included in the resubmission, a new Casefile ID will be generated.

Example: If the organization that did the original submission uploads the updated file, the “Last Submission Date” will reflect the most recent date of the upload, which would be different than the “Original Submission Date.”

New Subsequent UCD File Transfer

Once a UCD file has been transferred to an organization, the organization will have the option to transfer a UCD file of a subsequent lender. For example:

- Lender A transfers the UCD File to Lender B
- Lender B transfers the same UCD file to Lender C

All three lenders will then have access to the UCD Findings Report, UCD XML file, and the embedded Borrower Closing Disclosures.

Example: Subsequent UCD file transfer

- UCD Bank 2 (Lender A) uploads a file
- UCD Bank 2 transfers the UCD file to UCD Bank 1 (Lender B)
