

# Credit Variance Administration System Release Notes

## March Update

Mar. 19, 2020

During the **weekend of Mar. 28, 2020**, Fannie Mae will implement updates to the Credit Variance Administration System™ (CVAS™). The changes in this release will include the following:

- Fannie Mae user display names
- Character length increases

### Fannie Mae user display names

Fannie Mae user names will now display using only first and last names instead of full legal names.

### Character length increases

The Condition of Approval text boxes for both Project Eligibility Waivers and Single Loan Waivers will increase from 1,000 characters to 3,000 characters.

### For more information

For more information about these release notes or the upcoming CVAS update, lenders may contact their Fannie Mae representatives.
