Questions

Background

- FHFA has directed Fannie Mae to cease requiring servicers to advance any payments of principal and interest on eligible loans serviced under Scheduled/Scheduled (S/S) servicing or Scheduled/Actual servicing on behalf of defaulted borrowers after 120 days of delinquency
- This change will be implemented for all outstanding S/S loans effective with August 2020 P&I remittances

Stop Delinquency Advance Requirement Change

Eligibility

- “Stop Delinquency Advance” is a process to suspend remitting Principal and Interest (P&I) funds to Fannie Mae for an eligible S/S remittance type mortgage loan that is 120+ days delinquent.
- A S/S remittance type mortgage loan may be eligible for stop delinquency advance if Fannie Mae bears the foreclosure loss risk (i.e., risk code = 1 or 4).
- A S/S remittance type mortgage loan with servicer foreclosure loss risk (i.e., risk code = 2 or 3) will remain in the security and the servicer will continue to advance P&I until the loan is repurchased (existing process – no change).

Stop Delinquency Advance Requirement Change

Summary of Changes

- There are no changes to reporting requirements. Servicers must continue to report loan activity to Fannie Mae in accordance with the Servicing Guide Section C-4.3-01, Servicer Responsibilities Related to Investor Reporting, Section F-1-22, Reporting a Delinquent Mortgage Loan via Fannie Mae's Servicing Solutions System, and the Investor Reporting Manual.
- Based on loan activity reporting, Fannie Mae will place eligible S/S remittance type mortgage loans in a Stop Advance status.
- Loans in a Stop Advance status will be issued a credit for expected principal and interest and the net draft amounts will be adjusted accordingly.
- Fannie Mae's Investor Reporting System will maintain the servicer P&I advance reimbursement amount and the servicer will be reimbursed advanced P&I at the time of reclass (applicable to SWAP loans only), payment deferral or any other eligible workout.
- Servicers will continue to be drafted guaranty fee and excess servicing fee (as applicable) during the stop delinquency advance period.
- There are no changes required to Scheduled/ Actual Remittance Type. Servicers must continue to report and remit loan activity to Fannie Mae following the existing investor reporting and remitting requirements.

Stop Delinquency Advance Requirement Change

Transition Month - August 2020 P&I Remittance (July 2020 Loan Reporting Cycle)

- On the last day of the July 2020 Loan Reporting Cycle (August BD2, 08/04/2020), Fannie Mae will place all eligible S/S remittance type mortgage loans that are 120 **or more** days delinquent in a Loan Stop Advance Status Type and reflect August 1, 2020 as the Loan Stop Advance Start Date.
- Fannie Mae's Investor Reporting System will use the Last Paid Installment (LPI) date reported on the latest accepted LAR to determine the months of delinquency for an eligible S/S remittance type mortgage loan
- On August 6, 2020 (BD4), servicers will have access to the **Stop Advance Adjustment Detail August Draft Report**, available in Fannie Mae Connect only in the month of August (one-time report), showing Loan Stop Advance Status and P&I credit adjustments.
- Fannie Mae will not settle-up on loans greater than four months delinquent as of the implementation date. Fannie Mae will reimburse previous delinquency advances either when the mortgage loan goes through a reclass (S/S Swap only) or in accordance with existing reimbursement policies for workout options, whichever is earlier.

Post-Transition Process for Entering Stop Delinquency Advance Starting September 2020 P&I Remittance (August 2020 Loan Reporting Cycle)

- During the Loan Reporting Cycle that an eligible S/S remittance type mortgage loan becomes 120 days delinquent, Fannie Mae will place the mortgage loan in a Stop Advance status.
- The Loan Stop Advance Start Date is the date from which Fannie Mae will suspend drafting delinquency advances from servicers; it is recorded as the first day of the month following the loan activity reporting period where a loan is placed in a Loan Stop Advance Status.
- Fannie Mae will also assign a Loan Stop Delinquency Advance Period Delinquent Count, the number of delinquent periods prior to entering the Stop Delinquency Advance process.

Stop Delinquency Advance Requirement Change

Work with Fannie Mae to proactively identify and resolve key data issues & anomalies in S/S portfolio prior to transition

- Foreclosure Loss Risk Type Code: In June and July, servicers should:
 - Use Trial Balance Part C or LSDU Credit Enhancement Tab to determine the Foreclosure Loss Risk Type recorded in Fannie Mae's Investor Reporting System (1 or 4 = Fannie Mae foreclosure loss risk; 2 or 3 = Servicer foreclosure loss risk)
 - Compare to foreclosure loss risk data in their servicing system
 - Contact their investor reporting analyst/Master Servicing mailbox for assistance with resolution as needed
- Hard Rejects (Highest Priority): Servicers should:
 - Focus on resolution of any ending, recurring or aged recurring hard rejects in June and July
 - Submit payment/note rate changes (LAR 83s) or post-purchase adjustments as required for resolution
 - Contact their investor reporting analyst/Master Servicing mailbox for assistance with resolution as needed
- Reconciling Items in P&I Custodial Account:
 - Focus on resolution of any aged reconciling items in the S/S P&I custodial account to facilitate a smooth transition to the enhanced advancing requirements/procedures for reconciling cash

Stop Delinquency Advance Requirement Change

Post-Implementation Support

In the event a servicer encounters reconciliation issues with the amounts shown on the Remittance Detail – P&I Report available on the third business day (i.e., draft amount incorrect/possible over or under remittance)

- Submit a case to the Master Servicing mailbox (master_servicing@fanniemae.com) with the subject “**Urgent - Research S/S Draft Amount.**”
- Submit back-up documentation, such as transaction history, spreadsheet calculation, etc. to support the research request.
- The research request will be routed to a rapid response queue.
- Fannie Mae will work with servicers to resolve issues

When appropriate, Fannie Mae will adjust the amounts to be drafted in the earliest available remittance cycle
