DU for Government Loans Release Notes
January 2021 Release
Jan. 13, 2021

During the weekend of Jan. 16, 2021, Desktop Underwriter® (DU®) for government loans will be updated to support FHA and VA changes.

NOTE: For ease of reference, this document generally uses the term “DU” to refer to “DU for government loans.”

FHA Loan Limits

FHA county loan limits are applied by the FHA TOTAL mortgage scorecard, so a DU update is not required for FHA’s 2021 county loan limit updates.

However, in cases where a property county cannot be determined, DU applies the FHA National Low Cost Area Limit and the FHA National Low Cost Area Limit amounts will be updated in DU as part of this release to reflect the new values. In these cases, DU will display the 2020 limit on FHA loan casefiles submitted or resubmitted prior to the weekend of Jan. 16 where a property county cannot be determined, regardless of Agency Case Number assignment date. For FHA loan casefiles submitted or resubmitted on or after the weekend of Jan. 16 where a property county cannot be determined, DU will display the 2021 FHA National Low Cost Area Limit, regardless of Agency Case Number assignment date. Lenders are responsible for verifying that the correct limit is applied when determining eligibility.

VA 2021 County Loan Limit Changes

The 2021 county loan limits are available on VA's website.

VA loan casefiles submitted or resubmitted prior to the weekend of Jan. 16 will be underwritten using the 2020 VA county loan limits. VA loan casefiles submitted or resubmitted on or after the weekend of Jan. 16 will be underwritten using the 2021 VA county loan limits.

NOTE: Because the 2021 VA county loan limits will not be implemented on the date they are in effect, lenders are responsible for ensuring that the correct VA county loan limit is applied to all VA loans underwritten through DU from Jan. 1 through Jan. 16.
