Using the Committing Grids

No action is required to access the whole loan committing grids and use of the grids is optional.

View pricing in PE – Whole Loan	Available to all Fannie Mae sellers in PE – Whole Loan for mandatory or best efforts committing. Note: Loan-level pricing adjustments (LLPAs) still apply.
Make commitment of 1 to 90 days	Execute and pair-off the commitments just like any other standard whole loan commitments, which allows you to hedge your pipeline as you do now. As always, commitments should be executed with the intent to deliver. Note: 90 days is the maximum commitment period.
Deliver loan – original loan characteristics must be within the commitment parameters	Your loan must meet the commitment parameters at delivery. Note: Loans may qualify for multiple grids but can be delivered only against one commitment.

Updated Export Pricing Job Aid

The [Browse Price Export File Specifications](#) job aid for PE – Whole Loan has been updated with the new Export Product Order to assist lenders in exporting pricing with the expanded grids.

Update Your Browse Price Template in PE – Whole Loan

Be sure to [create new Browse Prices Templates](#) in PE – Whole Loan when adding the new grid. This step will ensure the committing grid information is included in daily pricing reports you pull.
