*Policy change not applicable to reverse mortgage loans.

Transfer of ownership policy

We updated the requirement pertaining to transfers of ownership of a property to clarify that

- for exempt transferees in connection with a delinquent mortgage loan, servicers must only obtain a signed assumption agreement upon completion of a mortgage loan modification and not a payment deferral; and
- recordation of an executed assumption, or assumption and release agreement, is necessary only where required by applicable law.

Effective: These policy clarifications are effective immediately.

Credit bureau reporting

To align with our existing policies related to compliance with all applicable laws, including the Fair Credit Reporting Act and the Servicemembers Civil Relief Act, we removed the requirement to suspend credit bureau reporting for US servicemembers and their spouses in certain situations.

Effective: This policy change is effective immediately.

Miscellaneous updates

Form 582 update. As a reminder, in accordance with *Servicing Guide B-3-01, Flood Insurance Requirements Applicable to All Property Types*, servicers must, among other requirements,

- ensure the property securing the mortgage loan is adequately protected by flood insurance when required, with no lapses of coverage;
- ensure the flood insurance premiums are paid; and
- actively monitor all flood maps and community status changes and take appropriate action as changes occur.

We updated the *Lender Record Information (Form 582)* to require sellers/servicers to certify they maintain policies and procedures that ensure timely monitoring of Special Flood Hazard Area mapping and administration of flood insurance

at the loan level, in accordance with *Servicing Guide* [B-3-01, Flood Insurance Requirements Applicable to All Property Types](#).

Effective: The updated Form 582 will be published and available for use on Apr. 14, 2022. The seller/servicer must use the updated Form 582 with the next required submission.

Preface update. In an effort to simplify how servicers access a log of our servicing policy updates, we removed F-5-01, *Servicing Guide* Change Control Log and added a reference in the [Preface](#) to the [In Case You Missed It](#) document. This document summarizes the updates to the *Selling* and *Servicing Guides* as well as other policy communications.

See the *Servicing Guide* for details about these updates.
