

# Uniform Closing Dataset Integration Impact Memo

## B2B Gateway Cloud Migration

July 13, 2022

Dear Integrated Partner,

Effective Sept. 30, 2022, Fannie Mae will migrate the B2B Gateway from an on-premise application to the cloud. This migration will require new IP addresses and implement security protocols that all integrated partners must follow to ensure successful Uniform Closing Dataset (UCD) XML file submissions to the UCD Collection Solution.

Please ensure there are adequate resources within your company to test file submissions to the UCD Collection Solution before the B2B cloud migration implementation date to prevent any business impacts to the loan delivery process. External user testing will be available later this month.

We will provide details on the new IP addresses and testing requirements in the coming weeks.

### Additional information

Please contact your account representative for assistance or submit your questions to our UCD Integration mailbox: [ucd-integration@fanniemae.com](mailto:ucd-integration@fanniemae.com). For more information on UCD, visit the [Fannie Mae UCD](#) and [UCD Collection Solution](#) pages.
