

UCDP Release 11.0 Change Notification

Sept. 12, 2022

On Sept. 10, Uniform Collateral Data Portal® (UCDP®) updated the Submission Summary Report (SSR) to reflect the appropriate Desktop or Hybrid value in the Form Type field when UCDP identifies a 1004/70 or 1073/465 submission as either Desktop or Hybrid.

The new Form Type values are listed below:

- FNM 1004 Desktop/FRE 70D
- FNM 1004 Hybrid/FRE 70H
- FNM 1073 Desktop/FRE 465D
- FNM 1073 Hybrid/FRE 465H

Fannie Mae and Freddie Mac also made enhancements to the UCDP to improve performance of the UCDP Portal Search.

- Search criteria input and format validations are unchanged.
- There will be changes in the behavior of some search fields as outlined below:

Field	Previous behavior	New behavior
Fannie and Freddie SSN Front-end validations (for GSE/Vendor)	<ul style="list-style-type: none"> ▪ Substring (LIKE %input%) ▪ Did not support partial SSN entry so the substring search was unnecessary 	<ul style="list-style-type: none"> ▪ Exact match ▪ Fannie SSN must be exactly 9 digits ▪ Freddie SSN can be 6-10 digits ▪ Note: Entry is a dropdown for Lender and Agent
Address	<ul style="list-style-type: none"> ▪ Substring (LIKE %input%) against the scrubbed street address but without the unit number included ▪ Searches for a full address with unit number (e.g., "101 HONEYWELL WY B") would not find a match. 	<ul style="list-style-type: none"> ▪ Substring including unit number, so inputs such as "101 HONEYWELL WY B", "101 HONEYWELL WY", "101 HONEYWELL" or "HONEYWELL" will all find a match on this address.
City	<ul style="list-style-type: none"> ▪ Substring (LIKE %input%) 	<ul style="list-style-type: none"> ▪ Exact match
State	<ul style="list-style-type: none"> ▪ Substring (LIKE %input%) ▪ The front-end input is through a dropdown list, so the substring search was unnecessary. 	<ul style="list-style-type: none"> ▪ Exact match
