

Property Data API Review Tool Release Notes

May 7, 2025

Effective May 7, 2025, Fannie Mae will implement an update to our Property Data API Review Tool (PDART) to display any vendor delivered PDF of the collected property data provided to the Property Data API.

For more information

For more information about these Release Notes or Property Data API Review Tool User Guide, service providers and lenders may contact their Fannie Mae representatives. Additional information is available on the [Property Data API Review Tool](#) page.
