

HomeStyle® Renovation Mortgage

Borrowers now have an easy and affordable option to finance home renovations.

HomeStyle Renovation is a conventional mortgage that lets borrowers finance improvements, renovations, or repairs to a home at the time of purchase or as a refinance transaction — up to 75% of the as-completed appraised value of the property.*

Flexible

Purchase or refinance option for any renovation project such as design updates or improvements, and even renovating accessory units like in-law suites or basement apartments.

Affordable

Your borrowers can take advantage of competitive rates, which may be lower than a home equity line of credit (HELOC) or a personal loan.

Simple

Standard pricing and conventional execution. Loans can be delivered even before the project starts and eligible for R&W relief once completed.
(Conditions apply)

Bundle mortgage products for more flexibility and savings

Both HomeStyle Renovation and HomeStyle® Energy mortgages may be combined with a HomeReady® mortgage, so your low-income borrowers can take advantage of the following features:

- Low down payment and cancellable mortgage insurance (restrictions apply).
- Potentially lower rates than other forms of financing, such as home equity line of credit or credit cards.
- **SPECIAL PRICING** — Get a \$500 LLPA credit when combined with the HomeStyle Energy product on energy upgrades (no energy report required for certain projects).

FAQ

Can lenders use HomeStyle Renovation financing on a manufactured home?

Yes, manufactured housing is eligible for HomeStyle Renovation financing, up to the lesser of 50% of the as-completed value, or \$50,000. The manufactured home must meet the applicable *Selling Guide* requirements in Section B2-3-02, Special Property Eligibility and Underwriting Considerations: Factory-Built Housing. The lender must have special lender approval to sell and service HomeStyle Renovation loans when the lender delivers HomeStyle Renovation loans to Fannie Mae prior to the completion of the renovation.

Can an accessory unit be detached from the primary dwelling?

Yes, an accessory unit may be detached from the primary dwelling. All improvements related to accessory units must be in compliance with local and state codes and statutes. They also must meet the applicable *Selling Guide* requirements for accessory units in Section B4-1.3-05, Improvements Section of the Appraisal Report.

Can landscaping costs be covered?

Yes, provided that the improvements are permanently affixed to the property.

When should the HomeStyle Renovation loan be bundled with HomeStyle Energy?

If your borrower is planning on ENERGY STAR®-certified improvements, resiliency, water, or other energy upgrades, then the HomeStyle Renovation loan may be bundled with HomeStyle Energy. When combining these loans, lenders will qualify for a \$500 LLPA credit.

If ENERGY STAR-certified improvements are financed with HomeStyle Renovation, then the loan must be delivered with Special Feature Codes 773 and SFC 375 to receive the \$500 LLPA Credit.

When is an energy report not required when using HomeStyle Renovation for energy-related improvements?

Energy reports are not required for ENERGY STAR-certified products, weatherization items, payoff of PACE loans, payoff of non-PACE energy-related debt, energy improvements related to renewable energy sources, radon remediation devices, and environmental hazard repairs.

For additional information about when energy reports are required for HomeStyle Energy loans, see *Selling Guide* section B5-3.3-01.
