## New User Interface for UCD Collection Solution

Dear Integrated Partner,

On November 15, 2019, the UCD Collection Solution user interface design will be updated for a user-friendly look and feel for an enhanced performance.

**NOTE:** The UCD Data Form Entry will not be impacted.

The new user interface enhancements will be available in the UCD Test Environment September 16, 2019. We encourage users to test performance in the Test environment prior to the production release. Look for additional guidance in suggested testing as we get closer to September. For Internet browser compatibility please refer to the [Technology Requirements](#)
