Just Released

Effective Date	Impacted Area	Description
May 18, 2025	AMI Updates	Area median incomes (AMIs) for 2025 will be implemented in Desktop Underwriter® (DU®) and HomeReady® application programming interfaces (APIs), Loan Delivery, and the Area Median Income Lookup Tool effective May 18. The AMIs will continue to be applied in DU based on the casefile create date while the Application Received Date provided in Loan Delivery will be used to determine which AMI limit to use when evaluating eligibility for the loan-level price adjustment (LLPA) waiver. See the Area Median Incomes 2025 Selling Notice for more details.
May 19, 2025	MBS Enhancements	<p>Loan Delivery will introduce enhancements that provide additional transparency in the MBS loan delivery process and a self-service model to handle exceptions real-time as they occur. These updates relate to the exceptions which occur post-submission and may have previously required manual resolution with Fannie Mae's Acquisitions Operations team.</p> <p>Lenders will be able to cancel the request for certification on MBS loans after submission to bring the loan back to a Draft/Unsubmitted status for editing. No changes are required to current processes; we are giving lenders an additional option to correct data on a submitted MBS loan. Lenders may continue to delete the loan or the pool when data corrections are required.</p> <p>There are no changes to the import and loan/pool submission process in Loan Delivery. More details, including a job aid, will be provided as we approach the rollout date.</p>
