Effective Date	Impacted Area	Description
September 29	UCD Collection Solution	The UCD Collection Solution will be updated to support UCD v2.0 and related edits, including UCD Critical Edits Phase 3B Postponed and Phase 4 on September 29, 2025. These edits will have Warning-to-Fatal severity until the UCD mandates. See the UCD page for UCD v2.0 resources and the Fannie Mae Feedback Messages for the list of UCD edits.
		Reminder: Edits with a severity of Warning-to-Fatal will not prevent a Successful UCD submission. The loan will still be able to be delivered through Loan Delivery. However, the edit will turn Fatal in the future (on the UCD mandate) and at that time will result in an Unsuccessful submission status that will prevent the loan from being delivered.
September 29	Removal of Edits	The following edits will be removed as they are no longer required in UCD v2.0 Spec or UCD Phase 4: 3058, 3059, 3142, 3145 and 3146.
