This agreement authorizes Ekotrope to provide data for homes in your organization's Ekotrope account to the Fannie Mae ENERGY STAR database (administered by PEG). Data will be made available to Fannie Mae at the time that each home is registered with the RESNET registry. Ekotrope will only provide data on homes that have been registered with RESNET, and data will only include the following:

- Location information (including address)
- Home floor area
- Builder
- Rating date, registration date, and rating company
- RESNET registry ID
- Energy efficiency metrics such as ENERGY STAR compliance information

I agree to the above terms and authorize Ekotrope to provide the data described above to the Fannie Mae ENERGY STAR database (administered by PEG):
