

# Desktop Underwriter (DU) Version 11.0 July Update

## Integration Impact Memo

May 26, 2021

During the **weekend of July 17, 2021**, Fannie Mae will implement an update Desktop Underwriter® (DU®) Version 11.0.

The changes in this release will apply to DU Version 11.0 loan casefiles. The effective dates for the changes are specified in the [Release Notes](#).

Please review the following updates, in addition to the Release Notes, to ensure that your integrated system(s) will be prepared to support this release.

### New, Modified and Retired DU Underwriting Findings Messages

This release will introduce new, modified, and retired messages that are displayed in the DU Underwriting Findings report. The “draft” DU message file will be sent on June 16, 2021 from Integration News ([integration\\_news@fanniemae.com](mailto:integration_news@fanniemae.com)).

#### How will this affect my integrated system(s)?

Integrated systems that parse the DU Underwriting Findings Codified Findings (XML file) or report data file (RES file) may require updates to support the message changes. Integrated systems parsing the DU Underwriting Findings via the DU Messages API may also require updates to support the message changes. Reference the table below for a preliminary assessment of the expected message changes.

New Messages	Modified Messages	Retired Messages
0	3	0

### Release Support

The DU Version 11.0 July update will be implemented in the DU integration environment on or about June 16, 2021. Integration partners will be notified via e-mail from Integration News ([integration\\_news@fanniemae.com](mailto:integration_news@fanniemae.com)) after implementation.

If you have questions about the integration impact or if you require support specific to this release, contact [Integration Support](#). For more information about DU, visit the [DU & DO web page](#) and contact your Fannie Mae Sales Engineer or your Digital Alliances Manager.
