

Property 360 REOgram – Updates to Reports Dashboard

June 6, 2024

Effective May 18, 2024, users can now request reports from previous years in the Property 360™ REOgram application. This update includes the following:

- All reports are available for download only.
- The one-year date range restriction has been removed, which allows users to enter a custom date range to pull reporting from previous years.
- Report downloads can be accessed from the Recent Report Results section.
- Reports processed will be automatically deleted after seven (7) days and will no longer appear in the Recent Report Results section.
