Technology Manager Release Notes

June 8, 2023

Technology Manager (TM) is a web-based tool that allows Fannie Mae customers to provision and manage access to Fannie Mae applications. Registered users can view and modify their user profile and security information, and company designated administrators can assign various applications to their users and manage their System IDs.

What's new in this release?

- Role Descriptions – Admins may view all role descriptions as a tool tip in Technology Manager. This feature will simplify ability to view role descriptions on same screen where Admins select the applicable roles.
