Key Characteristics

- Appraisal Update performed by another appraiser, not the original appraiser.
- Appraisal Update performed via exterior inspection.
- Appraisal Update performed 6 months after original appraisal with no decrease in value.
- This is a Restricted Appraisal Update report; hence all supporting data and necessary documentation is contained in the appraiser’s work file.

Appraisal Update Commentary

I have summarized my analysis and conclusions in this appraisal update, even though this report does not contain all the supporting rationale for the opinions and conclusions set forth in this report, I have retained all supporting data and necessary documentation in my work file.

Both the FHFA and Freddie Mac House Price Indices change of value for the MSA of Washington-Arlington-Alexandria-DC-VA-MD-WV, which the subject is in, was a 4.1% increase from the period of September 20, 2019 to March 20, 2020. I used the sales comparison approach by using multiple sales in the subject’s market which confirms that the subject’s market value has not decreased since the effective date of the original appraisal.
